SQFT Studios is seeking an experienced Frame-to-Finish Carpenter to join us for a fantastic career opportunity!

SQFT Studios LLC is a small, fast growing, Design/Build company in Portland, Oregon specializing in ADUs, Guest Suites, and Home Studios. Our passion for building science has led us to use a proprietary modular construction system that allows for a wide range of customization while streamlining the construction process; increasing efficiency while reducing cost and build times. We are seeking individuals to join our team who are as excited about building science and design as we are. Ideal candidates are passionate about efficient work, fine craftsmanship, and building technology. Come join a small startup, grow with us, and together we can “Create spaces where people create greatness.”

We are seeking an employee frame-to-finish carpenter to help us build our projects and our business. This position is for someone who is capable of dedicated field work and carpentry with experience in all aspects of residential construction. The ideal candidate is like minded, has great communication skills, shares our love for building and sustainability, and enjoys working with a team.

Responsibilities:

- Construction of ADUs, Guest Suites, and Home Studios from framing through finish work (framing, sheathing, window and door installation, insulation, WRB installation, siding, metal roofing, trim, light cabinetry, engineered flooring installation, custom projects)
- Be open, courteous, and direct in communication with team members
- Work to ensure high quality, efficiency, reduce waste, and all quality controls
- Receive and stage materials with quality control
- Maintain a clean and SAFE workplace

Skills/Experience:

- 5 years construction/carpentry experience
- Experience with custom residential construction
- Ability to read, understand, and interpret building documents (blueprints, plans, sections, and elevations).
- General carpentry for framing, assembly, installation (weatherproofing, windows, doors, fixtures, hardware, and interior elements)
- Finish work for flooring, exterior finishes, siding, flashing, trim, roofing, etc.
- Ability to interface with subcontractors, inspectors, vendors, and suppliers

- Self-starter with ability to make smart decisions, who knows when to ask questions
- Extremely well-organized and detail oriented
- Ability to adapt to changes
- A positive, can-do attitude
- Take pride in doing the best work possible
- Have a driver's license, vehicle, and basic tools necessary to perform job
- Willingness to assist with general labor from cleaning, to hauling, to detailed work like flashing and installing doors and windows.

This is a full time, hourly position. SQFT Studios offers competitive compensation commensurate with experience. SQFT Studios offers Medical, Dental, and Vision benefits. SQFT Studios is an equal opportunity employer and is committed to providing equal employment opportunities to all applicants for employment regardless of sex, race, color, creed, national origin, religion or to the extent provided by law, age, marital status, pregnancy, ancestry, medical condition, physical handicap, or sexual orientation. We are dedicated to recruiting, hiring, and promoting qualified applicants. We strive to treat all employees equitably.

Mission Statement: Create Spaces Where People Create Greatness

Values: Create. Quality. Integrity. Responsibility. Fun. Respect. Love what you do.
